

ICE BUCKET 2005

Dawn broke on New Year's Day 2005 and the Nineteenth Annual Ice Bucket Regatta on Lake Norman at the LNYC Championships for PHRF and One Design Classes. Sunshine warmed the temperature to a record 72 degrees but the wind could only tease the sailors with 1 to 4 knots out of the south, just enough to complete one race.

Twenty-eight boats registered and were divided into six fleets who enjoyed a full breakfast before the race and champagne after. John Wigney in a Highlander won the Dinghy Bucket while Bob McGrath in an Ultimate 20 won the overall championship and the "Auld Ice Bucket" itself.

Fleet winners were as follows:
